COVENTRY — Coventry High School made a big impression at this year's Skills USA competition.

Students, faculty and programs from the school all earned recognition at this year's event. Several of the students did so well that they will even be traveling to nationals to represent the school this year.

Cory Therrien, a senior, earned the gold medal in the automotive competition and will be going to nationals to compete. Katlyn Sevigny, a senior, earned the gold for culinary arts, while Zack Brennan took home a silver medal for graphic communications. Both students will also be traveling to nationals to represent the school.

Cory Therrien and automotive instructor Jim Thompson

Culinary arts instructor Chef John Rapoza and Katlyn Sevigny
