Kids collect 'Pennies for Peace'

As part of a Feinstein "Pennies for Peace" project, students at Washington Oak School participated in a crazy hair day and brought in spare change to donate to build schools in the remote regions of Afghanistan and Pakistan. It was focused on the book "Three Cups of Tea,"

which the teachers read to the children.

The kindergarten students in Mrs. Schofield and Mrs. Abood's classroom organized this project for the entire school community. You may visit www.penniesforpeace.org for additional information.
